

Patient Instruction Sheet

Please fill out patient forms and bring them with you.

Please bring driver's license and insurance card.

Must wear a mask.

Please bring a list of current medications.

Please bring contact information of Primary Care Doctor.

Scheduling note: Your appointment can take up to 1 ½ - 2 hours.

If you have been scheduled for a Cataract Eval that could take up to 3 hours.

Note: If your health insurance is an HMO Plan or a VA Plan that requires an insurance referral from your Primary Care Doctor office, that insurance referral must be received in our office prior to your appointment.

Mask information: Mask is required to be worn all times. CDC guidelines say fully vaccinated people must still wear a mask in all health care settings.

- If you live in an assisted living or nursing home. You must be accompanied with either a staff member from that facility or a caregiver, friend or family member at all times.

Please friend our Facebook page at **Envision Eye** regarding office updates, closings, and other important information.
